School Supply Fee September 2023

A fee of \$42 will cover all personal school supplies that each child will need for the school year. Parents will have the option to pay \$42 once in September or make two payments (September \$21, and February \$21). If your child's classroom teacher will be using a planner, they will advise you the first week of school. There will be an additional \$8 fee for the agenda for a total of \$50. If your child's classroom teacher does not use an agenda, your child's school supplies fee will be \$42

This flat fee will ensure that school supplies purchased for all students:

- Are the appropriate learning supplies for the grade level
- Are of good quality and will last the year
- Are cost effective
- Will eliminate the "hassle" factor many families experience struggling to find required supplies
- Will help to reduce visible inequalities with regards to a student's socio-economic situation by ensuring everyone has the consistent and comparable learning materials.

How will this process work?

Supplies will be delivered to the school in August and will be ready for use when students arrive in September. Teachers will ensure that students have the school supplies required throughout the school year.

To make your payment please visit School Cash Online. School Cash Online is set up for payments by Division in September 2023.

In addition to the school supply fee, please provide your child with the following:

- 1 large backpack
- 1 pencil box
- 1 pair of running shoes for gymnasium/indoor use to stay at school.

Teachers will specify in September if any additional items are required.

Please mark all items with your child's name.

Any families with additional questions about this process, or who are concerned about financial hardship, are encouraged to directly contact Mme Kake, School Principal for assistance.

Sincerely,

Mme Kake,

Principal
